I am Reginald Grant #50553-056  
writting u in concern of my case to ask  
you for my sentencing transcript, it went  
so fast for me is why I am asking for a  
a copy of written and oral if possible,  
also have another queation is to why was  
I given 42 grams in my case which I  
objected to but my lawyer never got the  
opportunity to object the investerator  
paper work I want to know did you read  
it and went over my case if you did and  
made that dec.ecision to take me away  
from my family. Judge I am asking  
for your mercy and the courts to please  
look over my case again. With all do  
respect I don't think I was given  
a fair sentence, not to dis'rect you  
but asking you to reconsider my  
sentence, I had changed my whole life  
around and was out of the streets and  
providing for my family making a honest  
living and living for the lord, please consider  
looking over my case again I know you are  
very busy but I am by far not this guy  
it looks to be

Thank you

Reginald D. Grant
